514.62 Compatible Uses

- WRP lands may be used for compatible economic uses, if such use is permitted by the warranty easement deed

514.62 Compatible Uses

- The State Conservationist, with advice from the State Technical Committee, will establish guidelines for compatible uses. Approved activities must provide for the full array of habitat types for which the enrollment was established, unless changes in habitat or management objectives are identified by NRCS with input U.S. Fish and Wildlife Service (FWS). CUAs must not adversely affect habitat for migratory birds, at-risk species, and threatened or endangered species.
